Special Guests

Alys H., Gina S-C. and Geri C. of the Moonlight Quilters displayed an eye-catching ‘Sonoma County Wheel of Fortune’ quilt and sold raffle tickets for a drawing to be held on the first Wednesday in September.

Program

PQG member Metha S. opened by introducing the visiting manager of Meissner Sewing and Vacuum Center, T.J., who as a PQG Affiliate had generously contributed to the Tri-Guild Luncheon.

Metha has a long, strong history with making Hawaiian quilts. As a young wind surfer in Hawaii, she took Hawaiian quilt making

courses and made her first quilt in 1968. She has now been making them for twenty years, and has taught others how to for the past fifteen.

Hawaiian quilts were originally so personal, they were often buried with their owner. Tradition included a hole designed in each quilt to release its owner’s spirit. Sharing was limited to family only, if anyone. It wasn’t until a resurgence of international interest in quilts that Hawaiians decided to share theirs with the greater world, expand fabric choices and accept machine sewn methods. Metha showed her quilt collection and demonstrated how the simple designs are made and applied.

Mahalo, Metha. Thank you!

Scrap Party!

Bay Quilts, our affiliate member in Richmond, is having a scrap party on Sunday, June 4th from 1-4 pm at the shop. They are inviting all of their customers to clean out their stashes and bring scraps and pieces to the shop to trade for other people's pieces and scraps. They are hosting the event on the same day as their gallery reception for Alice Beasley. Appetizers and beverages will be provided for attendees to snack on while viewing the art quilts and trading scraps. The scrap party takes place in Bay Quilts workshop loft, where tables will be provided for laying out scraps. They ask that attendees only bring as many scraps as they can carry as table space is limited and that everyone take home whatever scraps are not traded.

Bay Quilts is located at 5327 Jacuzzi St 3-C in Richmond. They can be contacted at (510) 558-0218.

Website News

The PQG library catalogue is now posted on the guild's website. You will now be able to look for a book by category/title, title or author. This should help you easily determine whether the book you are looking for is in the guild library or not. Many thanks to Amanda C. for all her work creating these lists and updating the website!

Round Robins and Row Robins

We have had some interest in the Round Robins but not as much as I felt we would have. I am not sure if we should continue with all of the lovely items turned in which have not yet been taken. I will be returning these to the people who gave them to start. If you are working on any, please return them to the June meeting. I am missing the ABC quilt that was taken at the April meeting. I was not there and so it was not recorded.

Happy Sewing,
 Debby L.

Presidents' Letter

Lemonade out of lemons...

The inspiration for this letter comes from my recent trip. My husband and I rode to Arizona to visit various locations and points of interest. Along the way we had challenges and rewards and all in all had a wonderful time. Our final day was as it turns out one of our biggest challenges. We spent our last night in Bishop, California on the East side of the state along Hwy. 395. We checked out of our hotel room and gassed up the motorcycle and were headed north by 9:25 AM. I had checked the weather before we departed and rain was expected in Bishop about 11:00 AM. As we headed north we were on a steady elevation climb and the temperatures were going down and raindrops were landing on our face shields. We decided to pull off and put our rain suits on. As per a lucky chance a CHP stopped to see if we needed assistance and we explained we were just getting ready for the weather. The CHP had heard of snow further north so she got on her radio and checked the conditions for us. The report was the roads were open with no restrictions, but the snow was sticking and she did not advise motorcycles to drive through those conditions as they would only get worse. With snow beginning to fall on us at this location the decision was made to turn around and avoid the mountains. So when we started out in the morning our mileage home was 350 miles at about 6 1/2 hours. At this point we had gone 40 miles and our new route would be a total of 610 miles going all the way to Bakersfield and then turn north again. We did make it home about 11:15 PM, almost 14

hours later with a few hot chocolate stops along the way. My husband turned out to have the fever I had had a few days earlier. It was a comfort to be in my own bed that night. So the moral of the story is that when things look so out of reach if you persevere goals can be completed. Another note, when I was just beginning to sew I had made myself some article of clothing and it didn't turn out the way I had envisioned and my mom in her wisdom said "just chalk it up to experience".

So instead of sour lemons it was turned into lemonade. If you have some UFO's maybe they can be redesigned and find a new purpose. Enjoy some lemonade.

From myself and Garnet, enjoy some lemonade.
