we are having speaker Karen Bolan. The lecture is called Learn With Every Quilt. *Every quilt is a learning experience. This lecture catalogs Karen's quilting journey through the lessons learned from her quilts. View a gallery of original quilts while we take an entertaining stroll through her development as a modern quilter. While she learned some lessons from renowned teachers, others she learned the hard way! Get ready for a few laughs and a lot of good advice; whether you choose to follow is up to you.*

Presidents letter

Hello members,

I hope this finds you all enjoying summer sunshine and family. I had the joy of going on a camping trip in our little popup trailer to Shasta Lake (Pond really) It is so low unless you have a boat you are not getting into the water. Oh well, we made the best of it and went to Arcata to visit a friend, had dinner in Trinidad, which is one of my favorite towns. We stayed over night there and then headed up the coast to Oregon, stopping at the Trees of Mystery only going into the visitors center. I had forgotten that they have one of the biggest Native American artifacts collection in the US.

Something from every tribe in the US I believe. I was so impressed by the bead work on the clothing but most of all the basket weaving talents of each tribe. Each tribe had there own style and their own needs. There were works of Art. The owners Granddaughter was working in the shop, which I thought was so cute. . As I said we then headed up the coast and it was wonderful being in the nice cool foggy weather instead of the 109* in Shasta. We changed our plans and instead of going back to Shasta we headed to Ashland and saw a play and found a great lodge to stay the night in. Went back into Ashland the next day to look around the cute town.. I found a quilt store called Sew Creative and it was having there 10 year anniversary. Yes I bought fabric. I also was reading the book, Wild, which is the book about the Pacific Crest Trail and found one of the markers and talked to people walking out of the trail. They just hit there 1500 mile mark. I was so impressed that anyone could do that.

Anyway from seeing how the Native Americans had to make their own clothes, to watching people walk with only what is on their backs, I was so grateful I was not sleeping in my tent on the ground and can come back to a small but comfortable trailer.

Happy Summer you all, Debby L President

WE NEED HELP

Our wonderful Newsletter person is no longer able to do the job. We thank Emily so much. So we need someone who can take the articles we send in and put them in this type of format and then send it back to me to send out to everyone. It is really important that we find someone who can take the few hours each month.

Also we need some one who can help be the librarian. Going an picking up some books from the locker and displaying them at the meetings

Please let me know if you can do this.

Debby

NEW OPPORTUNITY QUILT

At the last meeting we shared 3 wonderful ideas for the next quilt. One was a scrappy diamond shape pattern, one was cute houses and the other was a chicken quilt. At the board meeting we all thought is would be great to do all three and create one or two quilts out of them. The Patterns will be available soon for the Chicken and the Diamond quilt. If you want to start on something you can make a house square with a light colored back ground (like a sky) that is 6,8 or 10 inches square. We can provide pattern if need one for the house too. Be creative if you want to put something in the window go for it. Lets have fun.

CURRENT OPPORTUNITY QUILT

Do you need more or want tickets. We will have them available at the August meeting or contact Sue Deal. If you have them be sure to turn them back in by the October meeting when the winner will be drawn.

All receipts should be accompanied by a payment form, which is available for downloading on the guild's website. Please turn in all forms and receipts by the August board meeting at the latest, to allow time for processing them before the end of our year. Many thanks to all who have worked to keep our guild solvent this year!

Military Block of the Month

Morning Star (12.5" finished)

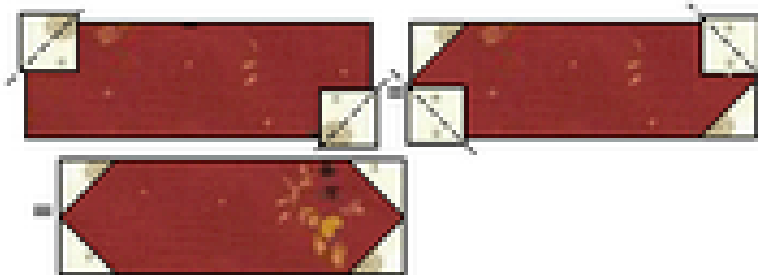

A 1914 block-that-isn't-a-block!...so this is another of those "Method" instructionals, as opposed to a real "Block pattern" This design is named for it's SASHING, which forms the stars!

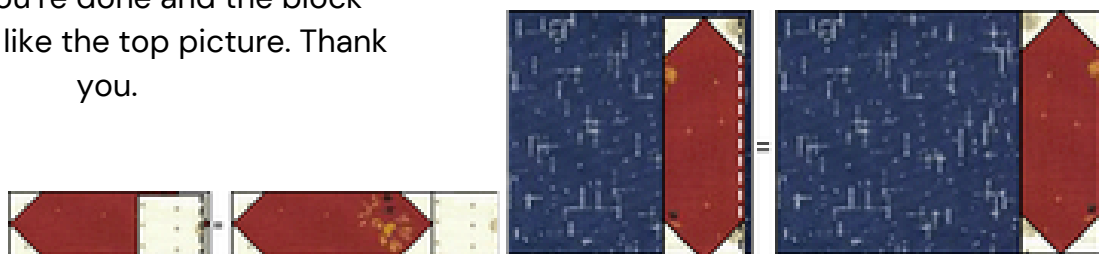

- cut blue fabric into a 9-1/2" square.
- cut 2 red sashing 3-1/2" x 9-1/2"
- For the sashings cut eight 2" white squares, and one 3-1/2" square

Draw a light diagonal line on the back of the white 2" square, and sew ON this drawn line. Cut off the excess seam allowance, leaving 1/4", pressing that seam allowances towards the red rectangle. Repeat on all four corners. Next add the 3 1/2" square to the right side as shown to only one of your shshings.

Sew the sashing without the 3 1/2 square to the 9 1/2 in blue square, then add the sashing unit with the 3 1/2" square to the top. You're done and the block should look like the top picture. Thank you.
